

MONDIAL MOVERS

Certificate

*Climate Neutral Company
To: Mondial Movers BV*

*This document serves as a proof that the company Mondial Movers
purchased an amount of*

31 tons of CO₂/Carbon Credits

*in order to compensate for the Greenhouse Gas Emissions caused due to the
existence of the company in 2013.*

*The Calculation was carried out by Mondial Movers, and the offsetting was
done with Carbon Credits generated through Soil & More's emission
reduction projects. Thus, the purchaser has actively reacted to the threat of
climate change, whilst supporting economic and social development in
South Africa.*

Thank you for supporting our work! With our sincere respect.

A handwritten signature in blue ink, appearing to read "Aart van den Bos", is written over a horizontal line.

Aart van den Bos (Managing Partner)
Waddinxveen, July 14, 2014

Soil & More's carbon credits are certified by TÜV-Nord Cert GmbH – an independent party accredited by the UNFCCC to carry out certifications under the scheme of the CDM. The Carbon Credits used for offsetting are registered under the name of Soil & More International in TÜV-Nord's registry. Credits used for offsetting are deducted from the registry and cannot be reused for other purposes.
